Dear Zachary Nichols:

This letter accepts your application to construct a pier on Voyageur Lake/Eagle Lake, located in the SE 1/4, NE 1/4, Section 26, Township 40N, Range 10E, Town of Washington, Vilas County.

Our field staff are currently evaluating your proposal. Depending on the amount of information you provided and the complexity of your project, you may be asked to provide additional information so that a complete evaluation can be made. We will notify you of the final disposition of your application as soon as we complete our review.

If you have not already done so, please contact the Vilas County and local municipal zoning offices to determine if a local permit is also required for your project. I have forwarded a copy of your application to the U.S. Army Corps of Engineers. They will advise you directly as to whether their regulations apply to your project.

If you would like to know more about this project or would like to see the application and plans, please visit the Department's permit tracking website at <https://permits.dnr.wi.gov/water/SitePages/Permit%20Search.aspx> and search for IP-NO-2023-64-02012 or WP-IP-NO-2023-64-X06-28T11-53-09.
